Raise The Praise is a non-profit event. We do not charge admission and are fully staffed by volunteers. We come into each year with \$0 to a small remaining budget from the previous year's event and rely on fundraising efforts to meet the needs of this event. All financial donations go towards production, advertising, professional sound and professional lighting. We strive to make this the best event we can for the kids and families.

Because the artists perform on a voluntary basis we endeavor to provide top end productions and give all artists the sales of their merchandise.
